Good Products. Great Prices!

Eating a healthy, balanced diet is an important part of maintaining good health, and can help you feel your best. There is good evidence that eating a healthy diet can reduce your risk of obesity, diabetes, heart disease, stroke, osteoporosis and some types of cancer. It's important to eat a good diet not matter what your age – there's never a bad time to make some changes.

ALPHA Bluetooth Smart Body Fat Scale is your health partner all the time. With our innovative APP (free download, IOS/Android supported), you can monitor your weight, body fat percentage, body water percentage, muscle mass, bone mass, BMI, BMR, visceral fat. Bio-impedance sensors give you precise results, every time.
